

**Subject:** ADRIA FERRIES CHARTERS GNV PEGASUS FOR THE 2026 SUMMER SEASON

### **Full continuity of Bari–Durrës connections guaranteed**

Adria Ferries announces that it has reached an agreement with GNV for the charter of the **GNV Pegasus** vessel, which will enter service on the Bari–Durrës line during the 2026 summer season.

The agreement, the result of collaboration between the two companies, has allowed them to quickly identify an effective operational solution for the benefit of passengers, tour operators, and the agency network.

Adria Ferries thanks GNV for their availability and collaboration. The use of the GNV Pegasus will allow the maintenance of high standards of service, comfort, and reliability, confirming the Company's commitment to customers and commercial partners and strengthening its role as a point of reference for maritime connections between Italy and Albania; A synergy that once again highlights the desire to offer the market rapid, concrete, and high-quality responses, without compromising on the level of service.

Particular satisfaction is expressed for the result achieved, which confirms Adria Ferries' ability to respond promptly to operational challenges, deploying skills, relationships, and resources to guarantee a service that meets expectations. The speed with which the transaction was finalized demonstrates the Company's determination to maintain high standards of quality, reliability, and operational continuity.

Adria Ferries renews its commitment to passengers, commercial partners, and its agency network, confirming that operational continuity, reliability, and customer satisfaction remain core values of its business.
